Association Support

Support By

2nd Bioenergy Global Summit -29th July 2026

inauguration 10:30 Am

Session - 1
(11:00 - 12:00 Pm)

Session - 2
(12:00 - 1:00 Pm)

1:00 - 2:00 Pm Lunch Break

Welcome address by Chief Guest Lamp Lighting

Bioenergy at the Crossroads of Net-Zero & Energy Security

- Role of bioenergy in india and global net-zero pathways
- Energy security through indigenous bioenergy resources
- Policy, market & investment enablers for bioenergy growth
- Future outlook and way forward
- Followed by q&a round

Global Perspectives on Solar PV Recycling & Circular Manufacturing

- Global challenges and recycling mandates
- Epr frameworks and policies
- Innovations, technologies and opportunities
- Circular economy and case studies
- Followed by q&a round

**Session - 3
(2:00 - 3:00 Pm)**

- **New frontiers in sustainable fuels: global**
- **Technology ,innovations & advancements in**
- **Biofuel production**

- Advanced technologies: advanced ethanol, biodiesel, saf, jet fuels
- Microbial based biofuels
- Process intensification and biorefinery integration
- Policy incentives and market trends in next-generation biofuels
- Life-cycle assessment and sustainability of advanced fuel pathways
- Followed by q&a round

**Session - 4
(3:00 - 4:00 Pm)**

**Role of Microbial and Enzymatic Innovations
in waste to energy conversions**

- Technologies and challenges
- Enzymes innovation and optimization
- Resources and infrastructure
- Finance, investment and applicability
- Way forward and solutions
- Followed by q&a round

5th National Conference on Bioenergy India 30th July 2026

**Session - 1
(11:00 - 12:00 Pm)**

Integrating Bioenergy and Solar Energy into India's Renewable Energy Mix – Synergies, Challenges, and Policy Pathways

- India's renewable energy vision : policy frameworks & incentives (satat, national bioenergy mission, national policy on biofuels, solar hybrid policies etc)
- Current contribution of solar & bioenergy
- solar-bioenergy complementarity (eg. Hybrid solar-biomass and solar-biogas models)
- Opportunities and challenges in scaling up
- Role in india's net-zero pathways
- Followed by q&a round

**Session - 2
(12:00 - 1:00 Pm)**

Sustainable bioethanol, biodiesel, biogas and bioenergy solutions

- India's current biofuel feedstock pathways and risk analysis
- Policy mandates into market-driven growth?
- Indigenous innovation to improve efficiency and reduce costs
- Rural upliftment scenario in india
- Lessons learnt from early biofuel projects in india
- Followed by q&a round

1:00 - 2:00 Pm Lunch Break

**Session - 3
(2:00 - 3:00 Pm)**

• Cbg ecosystem: from policy to plant

- Cbg as a pillar of india's clean fuel & net-zero strategy
- Policy push & market assurance under satat, state level policies
- Feedstock security through circular economy models
- Indigenous & scalable cbg production technologies
- Financial models and investment opportunities
- Followed by q&a round

**Session - 4
(3:00 - 4:00 Pm)**

Empowering Rural India through Circular Resource Systems: Linking Water, Energy, and Waste Solutions

- Aligning circular systems with india's sustainability & atmanirbhar bharat goals
- Waste as wealth: resource recovery for rural livelihoods
- Water reuse & energy-efficient rural infrastructure
- Enablers, challenges & the way forward
- Followed by q&a round

Register for your conference pass today!

Join bio energy global 2026, the premier platform for in-depth discussions and knowledge exchange in the bioenergy sector. This landmark event will bring together 20,000+ bioenergy professionals, 150+ expert leader, and 2,000+ delegates from around the world. The strategic conference will feature ministers, global ceo's, and industry leaders as they explore the latest trends shaping the future of bioenergy. Don't miss the opportunity to gain insights from renowned bioenergy pioneers and experts as they share groundbreaking research, innovative solutions, and best industry practices.

Pass Type	Standard (Expires 25th July 2026)	Onsite (29th July 2026 Onwards)
Domestic	INR ₹	INR ₹
Day 1 - 29th July 2025 BioEnergy Global Summit	5,000/-	7,000/-
Day 2 - 30th July 2025 NCBI	5,000/-	7,000/-
Both Days Access	8,000/-	12,000/-
International	USD	USD
Day 1 - 29th July 2025 BioEnergy Global Summit	\$200	\$250
Day 2 - 30th July 2025 NCBI	\$200	\$250
Both Days Access	\$300	\$400

18% GST Will be Applicable
